# THE POLITICIANS HAVE NOT BEEN LISTENING

Immigration levels are soaring to unprecedented heights, yet the voice of the people remains unheard. We never voted for this surge, and when polled, our resounding answer has consistently been against mass immigration.

Despite our clear stance, politicians have advocated for policies that have radically changed the country without our consent.

**We firmly believe that decisions of this magnitude should be in the hands of those directly impacted—YOU, the citizens, not a self-selecting group of bureaucrats or political elites.**

It's time to shift the narrative and put the power back where it belongs: in the hands of the people. The only way to truly represent the will of the people is through the democratic process. We are calling on you to join us in demanding a binding Immigration Referendum—an opportunity for every citizen to cast their vote on the future direction of the country.

**Demand a say in your future; the future of your children, your community, your country.**

Even if you disagree, surely you want the people to have their say and put the issue to bed once and for all. Regardless of political affiliations, backgrounds, or beliefs, we share a common goal: ensuring that our voices are heard and respected. Let's unite to have a say in shaping the immigration policies that impact us all.
